MODoT Central Laboratory

Project Specifications:

- ◆ Located next to Division 5 Headquarters for MODoT in Jefferson City, Missouri
- ◆ 67,843 Square Foot Building
- ◆ Project Completed in 1995

The Missouri Department of Transportation Central Laboratory has moved from many buildings since the early 1920's. The purpose of the Central Laboratory is to support the transportation system of Missouri and make sure the quality of our roads is maintained at the highest.

The Missouri Department of Transportation chose Prost Builders to build this new state-of-the-art laboratory. With over 200 laboratories, offices and related storage spaces the design of this building allows efficient flow of highway materials for storage, testing and evaluation.
